

Welcome to the SYFS Annual Report!

We miss seeing treasured friends, neighbors, colleagues and supporters in person again this year and hope you are all staying safe and healthy. The past year has been full of challenges and the SYFS staff has been working diligently to overcome them. The startling increase in mental health issues has resulted in an unprecedented number of referrals for our services. We could not respond without all of you...our sponsors, donors, and volunteers. We are forever grateful for our community and look forward to creating continuous, impactful change together.

THANK YOU!

Annual Report

We are pleased to bring you a copy of the agency's programs, revenue, sponsors, events and important information that reflect the critical mental health work that we are providing to our communities.
